Open Letter supporting the initiative of our member organisation Roma Democratic Development Association SONCE - Republic of Macedonia

Our member organisation Roma Democratic Development Association SONCE from the Republic of Macedonia started a campaign for collective rights of Roma in the Republic of Macedonia.

The Federal Union of European Nationalities (FUEN), the main advocate and the largest umbrella organisation of Europe's autochthonous national minorities, nationalities and language groups, supports the initiative and encourages you to start the process of implementing the policies and the targets of this civic initiative and policy brief developed by the national network of 30 national and international organisations, foundations and 12 local mediators in Macedonia.

With this e-mail we are also sending you the policy brief and civic initiative. We hope that your institutions, in order to promote equal rights for Roma in Macedonia, will develop proper measures and policies to support the Roma community, as stated by the Roma Democratic Development Association SONCE.

Kind regards
